

Styleguide & Wireframe for 908 Studios

Logo Art

908 Studios is a 3D visuals and audio production house. Our name comes from our roots of growing up in Chicago and a place we called home for some time. The 908 is italicized and bolded because it is to represent a address number marker as you would see on a house. The studios is encased in a box that is to represent the 3D box side of our studio.

Color Palette

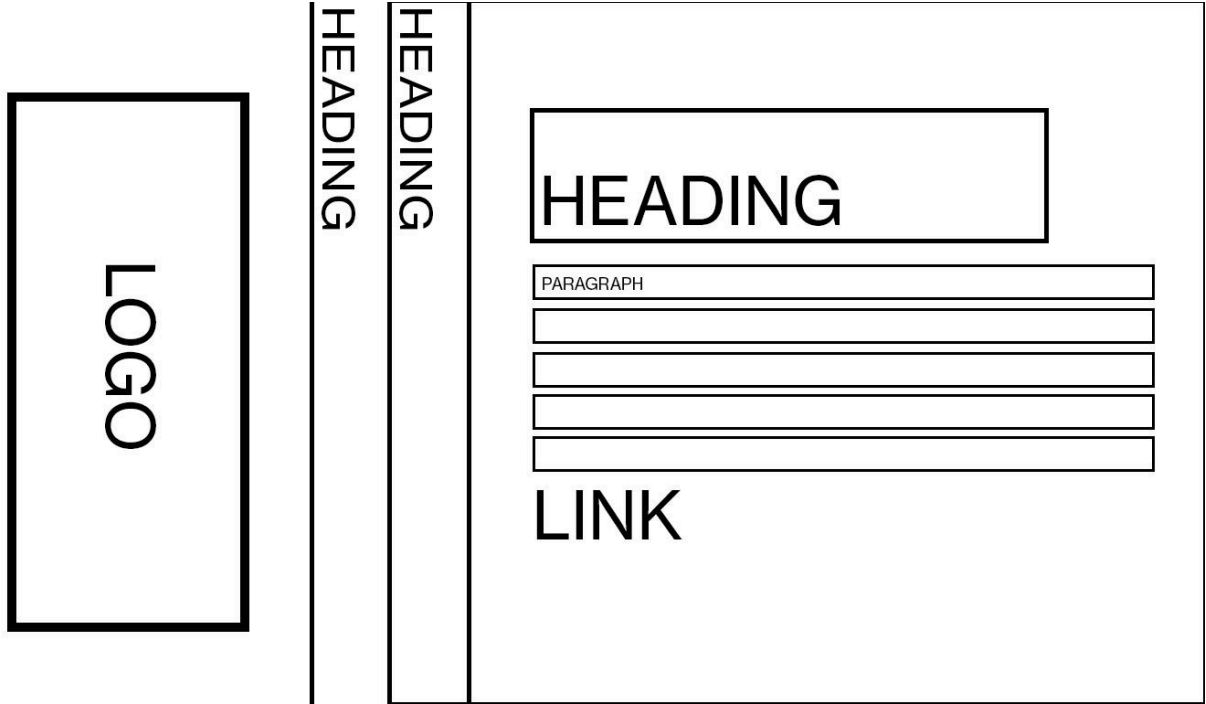

The color palett ranges from two primary colors and two secondary colors. The primary colors are the dark green and dark grey. The secondary colors are the light lavender and the light green.

Sizes & Orientations

The sizes and orientations are representative of how they will be on the web. The turned on its side logo is going to be on the home page off to the side. The smaller logo will be used in the upper corners of different pages.
